Dear Liliana Carrillo

You have been providing educational workshops to existing and aspiring entrepreneurs as well as provide expert advice on marketing for many years now. It is always a pleasure working with you. We have collaborated to provide educational business seminars to the community on many occasions. You are a creative, dynamic, charismatic yet friendly presenter. Rain or shine, always willing to do serve the community in any part of the city. We have done workshops in libraries, economic development organizations and consulates and I look forward to future collaborations.

Roberto Enamorado

Community Relations Coordinator & Office Manager

Queens Business Outreach Center
